MEET OUR LEADERS

Our faculty is comprised of dozens of global leaders and experts from around the world that contribute directly to program content through speaking and engaging with participants in the interactive sessions, pre-recorded fireside chats and interviews, podcasts, and related mediums. This allows for rich and varied content, and a global viewpoint.

EARNED CREDENTIALS

Upon completing the program, graduates will receive the Competent Boards Climate & Biodiversity Certificate & Designation (CCB.D) as well as a verified Competent Boards Credly Badge.

PROGRAM

Session Overview

Session 1

Understanding Climate Change and Biodiversity Risks and Opportunities

- The latest science: Understanding planetary and societal boundaries and going beyond carbon management
- Why preventing further biodiversity loss is essential to tackling climate change
- The projected physical impacts of climate change on companies, their supply chains, employees, and the customers and society they serve
- How transitional risks will determine future market competitiveness in a low-carbon economy
- Changes in stakeholder expectations and demands for climate and nature-conscious innovation
- Seizing opportunities associated with climate-change adaptation, mitigation and the global transition to net zero and regenerative business model

Session 3

Responding to Stakeholder Expectations for Responsible Investment and Insurance

- An overview of climate change and biodiversity litigation and its impact on the insurance industry
- Proxy voting trends: How you should best prepare, engage, and respond
- How to navigate growing investor-driven initiatives and expectations
- Engaging with heavy-emitters versus excluding them from your portfolio
- Understanding what net zero and nature positive means for an investor or portfolio
- The new financial instruments, valuations, plus lending and listing criteria

Session 2

Staying on Top of Disclosure Requirements and Reporting and Regulatory Trends

- Regulatory trends and the global transition from voluntary to mandatory climate change and nature-related disclosures
- Navigating and preparing for growing national and intergovernmental carbon pricing initiatives (e.g. the EU Carbon Border Tax)
- Understanding the Greenhouse Gas Protocol and scope (1, 2, 3, and 4) categorization to provide oversight of climate reporting
- Navigating international and national disclosure standards and frameworks while managing the risk of regulatory fragmentation (e.g. TCFD, TNFD)
- Incorporating climate change and nature-related factors into audit methodologies among changing climate expectations

Session 4

Responsible Climate & Biodiversity Governance: Ensuring Accountability at the Board Level

- Net zero and nature commitments: How the board can ensure their relevance and robustness
- How to ensure board oversight of climate and nature-related financial reporting and scenario analysis
- Best practices in strategic planning and the role of committees in stress-testing and risk assessments
- Understand how your company's climate and biodiversity targets impact capital allocation decisions
- Avoiding lawsuits and unintended consequences
- Incorporating short-, medium- and long-term net zero transition strategy KPIs into remuneration policies
- How to effectively structure the board, its committees, and advisory groups
- Diversity of thought, board evaluations, training, and succession planning

PROGRAM

Session Overview

Session 5

Strategic Implementation Guide to Achieve Net Zero

- Formulating meaningful net zero and nature positive goals
- Nature-based solutions and carbon offsetting in focus: How to get it right?
- Successfully partnering with competitors, suppliers, and external organizations
- Common business dilemmas and trade-offs associated with climate action and environmental stewardship
- Creating climate and nature-competent board-rooms and stakeholders

Session 6

Learning from the Pioneers of Climate Change and Nature Action in Business

- Learning from leaders: Overcoming challenges and channelling opportunities
- Understanding the shifting stakeholder mindsets around climate and nature action
- How to set the cultural tone of the organisation at the top
- Uncover new skills and explore the next frontier and future challenges

WHAT PEOPLE ARE SAYING

About our Programs

NAME

PETER BOWIE

POSITION

INDEPENDENT DIRECTOR, MAGNA INTERNATIONAL, FEDNAV, CEDERBERG, DMZ, AND XEBEC INC.

“I highly recommend this program to any board member interested in effectively enhancing their understanding of climate change and governance. Outstanding global speakers, leaders and participants.”

NAME

MEL HEWITSON

POSITION

INDEPENDENT, NON-EXECUTIVE COMPANY DIRECTOR

“Essential content, exceptionally delivered, the Climate Competent Boards Certification Program was both deep and broad in scope, packed with practical advice from global leaders in their fields. The program gave me a framework and tools to apply across all the boards I sit on in a contextual way. I now feel equipped to lead my board colleagues in this critical area of accountability to our stakeholders.”
